

7 CORE COMPETENCIES

of

SCHOOL-BASED HEALTH CENTERS

ACCESS

the SBHC ensures students' access to health care and support services to help them thrive; SBHCs are located in schools or on school grounds and work within the school to become a part of the school

SCHOOL INTEGRATION

the SBHC integrates the education and environment to support the school's mission of student success

STUDENT FOCUS

the SBHC team and services are organized around health issues that affect student well-being and academic success

ACCOUNTABILITY

the SBHC routinely evaluates its performance against accepted standards of quality to achieve optimal outcomes for students

SCHOOL WELLNESS

the SBHC promotes a culture of health across the entire school community

SYSTEMS COORDINATION

the SBHC coordinates across relevant systems of care that share in the well-being of its patients

SUSTAINABILITY

the SBHC employs sound management practices to ensure a sustainable business
